1985 Subject Index

Accountability

March LEGAL PERSPECTIVE: "More Managers Being Charged in Job-Related Injury Lawsuits," by Charles R. Goerth, Esq., p. 32.
May LEGAL PERSPECTIVE: "Product Liability Lawsuits Focus on Responsibility of Manufacturers," by Charles R. Goerth, Esq., p. 64.
Sept. LEGAL PERSPECTIVE: "Unprecedented Employer Indictments Bring Question of What is Bottom Line," by Charles R. Goerth, Esq., p. 61.
Oct. "Corporate Murder Verdict May Not Become Trend, Say Legal Experts," by John Burnett, p. 22.
Oct. "County Sets Up Special Unit To Investigate Industrial Deaths," by John Burnett, p. 26.
Dec. LEGAL PERSPECTIVE: "No Employer or Worker is Immune from Complying With Safety Regulations," by Charles R. Goerth, Esq., p. 26.

AIDS

Oct. LEGAL PERSPECTIVE: "Firing Employees Who Have AIDS Brings on New Round of Legal Action," by Charles R. Goerth, Esq., p. 28.

Asbestos

Feb. "Compensation for Asbestos Victims Poses Problem for All Concerned," by Carolyn Aydelotte, Editor, p. 61.
June "Dealing with Asbestos Hazards Begins with Assessment Survey," by W. Corey Thompson Jr. and R.P. Ouellette, PhD, p. 26.
June "Asbestos Insurance Needed," by R.E. Amonds, p. 29.
June "Elimination of Asbestos Hazards Depends on Quality Removal Jobs," by Roger W. Thompson, BS, p. 35.
June "A Businessman's Legal Guide to Asbestos in the Workplace," by Lawrence P. Postol, p. 44.
June "Some Asbestos Removal Projects Economically Solved by Glove Bags," by I. Graham Dewar, p. 55.
June "Asbestos In Buildings: Consider All Options," by John F. Welch, p. 60.
June "Asbestos Management Plans Should Include Control Measures," by Brian L. Bramell, p. 66.
June "Analysis Procedure Varies," by Ian M. Stewart, p. 68.
Aug. "Health and Safety Needs Detailed in New Asbestos Abatement Survey," by William Spain, CIH, CSP, William H. Ewing, CIH, and Eva M. Clay, p. 13.
Nov. "Assessing Asbestos Risks Involves Prioritizing, Ranking the Hazard Areas," by Robert P. Ouellette, PhD, p. 67.

Back Injury

Feb. "Using NIOSH Lifting Guide Decreases Risks of Back Injuries," by D.H. Liles, PhD, PE, p. 57.
April EDITORIAL: "Back Disagrees with Perception that Back Pain is Caused by Injuries," by Alexander L. Strasser, MD, FACP, p. 73.
Aug. "Rehabilitating Injured Backs Involves Intervention, Monitoring," by Linda Marks, RN, EdD and Barbara Blue, RN, PhD, p. 24.
Dec. "Identifying Workers at Risk to Back Injury is Not Guesswork," by Alan Morris, MS, LPT, p. 16.

Chemical Industry

March "Bhopal Tragedy Focuses on Changes in Chemical Industry," by Carolyn Aydelotte, Editor, p. 33.

Conferences

March "More Scientific Sessions Featured at Health Conference," p. 48.
April "Roles of Industrial Hygienists Focus of Las Vegas Conference," p. 57.
May "Superfund, RCRA Amendments Covered in Conference Program," p. 38.
Oct. "New Orleans Jazzes Up for NSC; 12,000 Participants Expected," by Sheri Hagen Poore, Managing Editor, p. 12.

Cost Effectiveness

Jan. EDITORIAL: "Is Cost-Effectiveness Replacing Quality as Medical Care Priority?" by Alexander L. Strasser, MD, FACP, p. 46.

Disaster Litigation

June LEGAL PERSPECTIVE: "Plaintiff's Committees Iron Out Settlements in Class Action Suits," by Charles R. Goerth, Esq., p. 79.

Disaster Plans

Nov. "Responding to Industrial Accidents Requires Developing Disaster Plans," by Larry M. Starr, PhD, Jonathan Borak, MD, FACP and Steve Waymaster, EMT-P, p. 12.

Drug Abuse

July LEGAL PERSPECTIVE: "Workforce Drug Abuse Takes on New Dimension for Health Profession," by Charles R. Goerth, Esq., p. 55.
Dec. "Employee Drug Use Creates Losses But Proper Policies Can Control It," by David R. Burmaster, PA-C, p. 39.

Education, Training

Jan. IN REVIEW: "Excellent Videotape on Lab Hoods Valuable to All Levels of Personnel," by Kenneth S. Cohen, PhD, PE, CIH, p. 50.
Feb. IN REVIEW: "Videotapes on Fire Safety Depict Training Techniques," by Kenneth S. Cohen, PhD, PE, CIH, p. 49.
March IN REVIEW: "Hearing Conservation Manual Fulfills Promise of Practicality," by Kenneth S. Cohen, PhD, PE, CIH, p. 66.
April IN REVIEW: "Informative Book Explores Risks of Environmental Asbestos," by Kenneth S. Cohen, PhD, PE, CIH, p. 71.
May IN REVIEW: "Right-to-Know Laws Bring New Era of Chemical Awareness," by Kenneth S. Cohen, PhD, PE, CIH, p. 66.
June IN REVIEW: "Film Offers Thorough Treatment for Plant Engineers, Safety Personnel," by Kenneth S. Cohen, PhD, PE, CIH, p. 78.
July IN REVIEW: "Common Workplace Concern Explored in Classic Dermatitis Text," by Kenneth S. Cohen, PhD, PE, CIH, p. 18.
Aug. EDITORIAL: "Universities Can Interest Students in Benefits of Occupational Medicine," by Alexander L. Strasser, PE, FACP, p. 30.
Aug. IN REVIEW: "Excellent Video Offers Training for Assessing Some Asbestos Hazards," by Kennneth S. Cohen, PhD, PE, CIH, p. 43.
Sept. IN REVIEW: "Dermatology Text Valuable for Industrial Medical Department," by Kenneth S. Cohen, PhD, PE, CIH, p. 19.
Oct. IN REVIEW: "Aerosol Text May be Helpful for Professionals Handling Dust Problems," by Kenneth S. Cohen, PhD, PE, CIH, p. 35.
Nov. IN REVIEW: "Slide-Tape Program Helps Understand Hazard Communication," by Kenneth S. Cohen, PhD, PE, CIH, p. 26.
Dec. IN REVIEW: "Worker Concerns Over Automation, VDTs Covered in Worthwhile Film," by Kenneth S. Cohen, PhD, PE, CIH, p. 22.

Employee Assistance Programs

Dec. "Employee Assistance Programs: No Longer Just for Big Business," by Mary E. Bierman, p. 46.
Dec. "Today's Management Approach Nurtures Worker Satisfaction, Value," by M. David Riggs PhD, and Earl S. Beecher, PhD, CLU, CFA, p. 42.

Engineering

June ENGINEERING CONTROL: "Engineer's Role Requires Information from Team Members," by. D. Jeff Burton, MS, CIH, p. 89.
July ENGINEERING CONTROL: "Complex Considerations Involved in Implementing Engineering Controls," by. D. Jeff Burton, MS, CIH, p. 51.
Sept. ENGINEERING CONTROL: "Using Outside Engineering Expertise Requires Investigation of Performance," by. D. Jeff Burton, MS, CIH, p. 62.

Exposures

May "Monitoring Employee Exposure Limits Liability, Morale Problems," by Jerry L. Mosser, PhD, p. 30.

Eye

April "Vision Losses Prevented by Using Protective Eyewear," by Teri L. Rosenwasser, John W. Potter and Richard B. Parr, p. 63.
Aug. "Eye Safety and Health Programs Can Improve Productivity and Profits," by Neal David and John E. Salce, p. 37.
Oct. "Better Safety Standards for Eye, Face and Head Protection are Coming," by Frank E. Wilcher, Jr., p. 50.

Fire

Dec. "Routine Inspections, Maintenance Can Prevent Industrial Fire Mishaps," by Arthur M. Stevens, p. 12.

Gloves

Oct. "In Making Proper Glove Selections, Consider Unique Hazards Facing Worker," by Carolyn L. Aydelotte, Editorial Director, p. 54.
Dec. "Selecting Gloves for Handling Toxic Materials Involves Several Factors," by Herbert Niles, p. 34.

Hazard Communication

March "Chemical Handling Training Aided by MSDS Information Chart," by Regina Carriere, CSP, p. 36.

Hazardous Material

May "Hazardous Site Water Restriction Poses Problems for Exposed Workers," by L.A. Weaver, CSP, p. 54.
July "Organizations Must be Aware of Hazardous Material Handling Regulations," by John C. Nemeth, PhD, CEP, p. 30.
Nov. "Respiratory Protection Program Should Reflect Good Industry Practice," by Organization Resources Counselors, Inc., Respirator Task Force, p. 31.
Nov. "Flammables' Safety Begins with a Well Constructed Drum Room," by Arthur M. Stevens, p. 62.
Nov. ENGINEERING CONTROL: "Handling Highly Toxic Material Can be Safe with Proper Engineering," by D. Jeff Burton, PE, CIH, p. 74.

Health Care

April LEGAL PERSPECTIVE: "New Hazardous Waste Rules Bring Disposal Issue to Forefront," by Charles R. Goerth, Esq., p. 74.

Health Care

Jan. HEALTH AUDIT: "Some Personal Health Problems Can be Mistaken for Job-Related," by Thomas L. Kurt, MD, MPH, p. 44.
Jan. VIEWPOINT: "Studies Indicate Dietary Habits Can inhibit or Encourage Cancer," by Phillip L. Polakoff, MD, MPH, p. 51.
Feb. EDITORIAL: "Revival of House Calls Essential to Improve Health Care Practices," by Alexander L. Strasser, MD, FACP, p. 34.
Feb. VIEWPOINT: "Hospice and Acute Care Have Place in Treating Terminally Ill," by Phillip L. Polakoff, MD, MPH, p. 35.
March "New Role for Physicians Evolves from Health Team Concept," by Jean Spencer Felton, MD, p. 52.
April HEALTH AUDIT: "Health Team Has Special Challenge When Employees Face Death or Illness," by Thomas L. Kurt, MD, MPH, p. 76.
May HEALTH AUDIT: "Pre-Placement Health Screening Needs Problem-Oriented Approach," by Thomas L. Kurt, MD, MPH, p. 23.
June VIEWPOINT: "Worksite Economical Setting for Preventive Health Care Problems," by Phillip L. Polakoff, MD, MPH, p. 75.
July VIEWPOINT: "Promising Diagnostic Technique: Nuclear Magnetic Resonance Imaging," by Phillip L. Polakoff, MD, MPH, p. 49.
July EDITORIAL: "Physicians Must Practice Quality Care and Cost Control," by Alexander L. Strasser, MD, FACP, p. 52.
Sept. "Occupational Health Programs: The Ounce of Prevention Paying Off," by Bradford L. Barick, EdD, p. 38.

Health Costs

March VIEWPOINT: "Integrating Workplace Programs Can Save Corporate Health Funds," by Phillip L. Polakoff, MD, MPH, p. 28.
Aug. HEALTH AUDIT: "The 'Real' Cost of Hospital Stays Only Now Becoming Apparent to Public," by Thomas L. Kurt, MD, MPH, p. 32.

Health Care

April LEGAL PERSPECTIVE: "New Hazardous Waste Rules Bring Disposal Issue to Forefront," by Charles R. Goerth, Esq., p. 74.

Health Care

Jan. HEALTH AUDIT: "Some Personal Health Problems Can be Mistaken for Job-Related," by Thomas L. Kurt, MD, MPH, p. 44.
Jan. VIEWPOINT: "Studies Indicate Dietary Habits Can inhibit or Encourage Cancer," by Phillip L. Polakoff, MD, MPH, p. 51.
Feb. EDITORIAL: "Revival of House Calls Essential to Improve Health Care Practices," by Alexander L. Strasser, MD, FACP, p. 34.
Feb. VIEWPOINT: "Hospice and Acute Care Have Place in Treating Terminally Ill," by Phillip L. Polakoff, MD, MPH, p. 35.
March "New Role for Physicians Evolves from Health Team Concept," by Jean Spencer Felton, MD, p. 52.
April HEALTH AUDIT: "Health Team Has Special Challenge When Employees Face Death or Illness," by Thomas L. Kurt, MD, MPH, p. 76.
May HEALTH AUDIT: "Pre-Placement Health Screening Needs Problem-Oriented Approach," by Thomas L. Kurt, MD, MPH, p. 23.
June VIEWPOINT: "Worksite Economical Setting for Preventive Health Care Problems," by Phillip L. Polakoff, MD, MPH, p. 75.
July VIEWPOINT: "Promising Diagnostic Technique: Nuclear Magnetic Resonance Imaging," by Phillip L. Polakoff, MD, MPH, p. 49.
July EDITORIAL: "Physicians Must Practice Quality Care and Cost Control," by Alexander L. Strasser, MD, FACP, p. 52.
Sept. "Occupational Health Programs: The Ounce of Prevention Paying Off," by Bradford L. Barick, EdD, p. 38.

Health Costs

March VIEWPOINT: "Integrating Workplace Programs Can Save Corporate Health Funds," by Phillip L. Polakoff, MD, MPH, p. 28.
Aug. HEALTH AUDIT: "The 'Real' Cost of Hospital Stays Only Now Becoming Apparent to Public," by Thomas L. Kurt, MD, MPH, p. 32.

Sept. "Increased Awareness of Health Costs Emphasizes Occupational Medical Services," by Joseph D. Haughney, p. 44.
Nov. EDITORIAL: "Health Planners Neglect Quality, Overemphasize Medical-Cost Control," by Alexander L. Strasser, MD, FACP, p. 65.

Health Information Systems

May "Automation and Integration of Health Information Systems," by Wanda Rappaport, PhD, p. 26.

Health Promotion/Fitness

Feb. "Health Management Consultants Use Diverse Programs in Achieving Goals," by David Chenoweth, PhD, p. 53.
March "Health Promotion Programs: Limited Funds No Stumbling Block," by Holly K. Hargadine, Managing Editor, p. 69.
May VIEWPOINT: "Widely Publicized Jogging Deaths Don't Negate the Benefits of Exercise," by Phillip L. Polakoff, MD, MPH, p. 60.
July "Health and Fitness Boom Moves into Corporate America," by Andrew J.J. Brennan, PhD, p. 38.

Hearing

Jan. "Documentation: the Weak Link in Audiometric Monitoring Programs," by Donald C. Gasaway, p. 28.
Feb. ENGINEERING CONTROL: "Noisy Machines Require Careful Study for Effectiveness," by D. Jeff Burton, MS, CIH, p. 51.
March "Purpose of Audiometric Tests Important in Defining Procedures," by Donald C. Gasaway, p. 61.
April "Seven Day Work Schedule Compounds Noise Exposure Problem," by R.G. Huggins, PhD, and C.H. Lawrence, PhD, p. 40.
July "Hearing Protection for Industry: Types and Selection Vary with Needs," by the Technical Staff of Willson Safety Products, p. 22.
Nov. "Audiometers Should be Tested Daily as Part of Industrial Hearing Program," by James D. Banach, p. 77.

Heat Stress

Jan. "Exposure to Hot Environments Can Cause Dermatological Problems," by Joseph P. Dibeneditto, MD, MPH, p. 35.
April "Knowledge of Causes, Controls Aids Prevention of Heat Stress," by William H. Spain, CIH, CSP, William M. Ewing, CIH; and Eva M. Clay, p. 27.

Incentives

April "Successful Health Promotions Key on Worker Acceptance, Use," by Robert H.L. Feldman, PhD, p. 46.
April "Present Moment Thinking Helps to Address the Inner Game of Safety," by Mark Tager and William Stomp, p. 49.
April "Simple Safety Incentive Programs Easier with Planning, Organization, by Jerry Griggs, p. 54.

Insurance

Aug. LEGAL PERSPECTIVE: "Like It or Not, Health Professionals Must Be Involved in Insurance Dilemma," by Charles R. Goerth, Esq., p. 44.

Malpractice

Oct. EDITORIAL: "Lawsuits Must Be Curbed or Medical Profession Will Suffer," by Alexander L. Strasser, MD, FACP, p. 30.

Mining

Sept. "Despite Continued Improvement, Coal Miners Perceive Health as Poor," by Pamela C. Roddy, PhD, p. 29.

NIOSH

Dec. EDITORIAL: "NIOSH Blames the Wokrplace for Too Many of Society's Problems," by Alexander L. Strasser, MD, FACP, p. 21.

OSHA

March EDITORIAL: "Another Four-Year Trial Period Given OSHA's Cooperative Approach," by Alexander L. Strasser, MD, FACP, p. 26.
Sept. "OSHA's Future Direction Obscured by Controversies, Turnover in Personnel," by Deborah Schechter, JD, p. 24.
Sept. "Acting OSHA Chief Patrick Tyson Says Agency Suffers in Controversy," by Deborah Schechter, JD, p. 26.

Occupational Disease

Sept. EDITORIAL: "Heart Ailments and Workplace Stress Mistakenly Called Occupational Diseases," by Alexander L. Strasser, MD, FACP, p. 59.

Occupational Medicine

June EDITORIAL: "More Clinical Exposure Needed in Occupational Medicine Training," by Alexander L. Strasser, MD, FACP, p. 17.

Poison

Feb. HEALTH AUDIT: "Regional Poison Centers: Helpful Resources for Businesses," by Thomas L. Kurt, MD, MPH, p. 38.
Sept. VIEWPOINT: "Chemical Mixture Hazard Evaluation Differs From That of Single Substances," by Phillip L. Polakoff, MD, MPH, p. 55

Pollution

Jan. LEGAL PERSPECTIVE: "Government Agencies Increase Enforcement Actions for Clean Air Act," by Charles R. Goerth, Esq., p. 57.

Product Liability

Nov. LEGAL PERSPECTIVE: "Product Liability Lawsuits Are Getting Out of Hand, Agencies Realize," by Charles R. Goerth, Esq., p. 85

Protective Clothing

April "Chemical Protective Clothing: Determining Good Performance," by Gerard C. Colletta and M.W. Spence, p. 20.
May "Chemical Protective Clothing: Test Strategy and Test Methods," by Gerard C. Colletta, p. 49.
June "Chemical Protective Clothing: Laboratory vs. Field Performance," by Gerard C. Colletta, p. 85.
July "Chemical Protective Clothing: Federal Agenices Influence Success," by Gerard C. Colletta, p. 27.
Aug. "Chemical Protective Clothing: Certification of Performance," by Gerard C. Colletta, p. 18.
Sept. "Chemical Protective Clothing: Technology Will Shape the Future," by Gerard C. Colletta, p. 50.

Respirators

Oct. "Keeping Respirators Fit, Ready Is as Important as Proper Selection," by William F. Moon, p. 18.

Right-to-Know

Jan. "Despite Pre-Emption Threat Local Right-to-Know Laws Increase," by Junius C. McElveen, Jr., p. 20.
June "Firefighters Face Unknown in Right-to-Know Struggle," by Ray Stroud, p. 18.
July HEALTH AUDIT: "Right-to-Know Deadline Approaches Requiring Material Safety Data Sheets," by Thomas L. Kurt, MD, MPH, p. 56.

Risk and Loss Control

Aug. "Deciding on Proper Fall Protection May Depend on Design of Industry," by William English Ltd., p. 47.
Aug. "Accident/Illness Statistics Are Ineffective if Confusing or Unfair," by Stanley H. Freeman, MA, CSP, p. 51.
Aug. "Selling Safety in the Workplace Involves More Than 'How to Do' Training," by Frank P. Waters, p. 54.

Robotics

April VIEWPOINT: "Man's Marriage to Robotics: A 'For Better or Worse' Union," by Phillip L. Polakoff, MD, MPH, pg. 24.
Dec. VIEWPOINT: "Technology Offers Challenges to Future Definition of Work," by Phillip L. Polakoff, MD, MPH, p. 30.

Safety

March "Even 'Healthy' Environments Can Harbor Many Hidden Hazards," by William N. Christenson, MD, Charles F. Brennan, MPS and Joseph DeVito, BS, pg. 40.
April "Hazards of Confined Spaces Require Clearly Defined Policies," by James J. Loud, MPH, p. 34.
May EDITORIAL: "Determining Safe Chemical Levels Will Take More Time and Research," by Alexander L. Strasser, MD, FACP, p. 20.
Oct. "Poor Building Designs Hinder Safe Escape for the Handicapped in Emergencies," by Arthur C. Smith, p. 63.
Oct. "Time Has Not Changed the Basics: Safety Management Requires Commitment," by George Wolnez, CSP, PE, p. 66.
Nov. VIEWPOINT: "Traumatic Job Injury Rate Needs to be Examined," by Phillip L. Polakoff, MD, MPH, p. 83.

Shoes

June "Going the Extra 'Foot' for Workers Involves More than a Measuring Stick," by Carolyn L. Aydelotte, p. 88.
Oct. "Safety Footwear Industry Changes to Answer New Consumer Needs," by John O'Brien, p. 48.

Sick Leave

June HEALTH AUDIT: "Controlling Personal Sick Leave a Similar Problem for Workplaces," by Thomas L. Kurt, MD, MPH, p. 77.
Dec. HEALTH AUDIT: "Sick Leave: Employees Should Learn There is a Time to be Well," by Thomas L. Kurt, MD, MPH, p. 24

Smoking

Feb. "Health Risks of Smoking Increased by Exposure to Workplace Chemicals," by Mary Jo Blackwood, RN, MPH, p. 23.
Feb. "Anti-Smoking Advocate Plans Litigation Attack on Tobacco Firms," by Charles R. Goerth, Esq., p. 28.
Feb. "Smokers', Nonsmokers' Rights Collide in Work Environment," by Walter R. Barrus, p. 31.
Feb. LEGAL PERSPECTIVE: "Cancer Victim Brings Suit Against Cigarette Manufacturers," by Charles R. Goerth, Esq., p. 40.

Stress

June "Stress Release: Emerging Tool in a Total Stress Management Program," by Richard A. Lippin, MD, p. 80.
Nov. "Coping with Blue Collar Stress a Solvable Challenge for Management," by Arthur B. Shostak, PhD, p. 19.

Ventilation

Jan. ENGINEERING CONTROL: "Provid[illegible] placement Air Necessary for Ventilation Systems," by D. Jeff Burton, MS, CIH, p. 48.
April ENGINEERING CONTROL: "Indoor Air Pollution: Solutions Easier Than Determining Cause," by D. Jeff Burton, MS, CIH, p. 69.
May ENGINEERING CONTROL: "Successful Engineering Control of Hazardous Exposures a Team Effort," by D. Jeff Burton, MS, CIH, p. 22.
Aug. ENGINEERING CONTROL: "Ventilation Primer Aids in Reviewing Hood and Duct Systems," by D. Jeff Burton, MS, CIH, p. 34.
Oct. ENGINEERING CONTROL: "System Testing Equipment Can Be Effective Without Being Expensive," by D. Jeff Burton, MS, CIH, p. 17.

Women

March HEALTH AUDIT: "Medical, Social Advances Emancipate Women in Workplace," by Thomas L. Kurt, MD, MPH, p. 31.

Worker Protection

Jan. "Cooperative Programs Cutting Costs, Accidents in Construction," by Eric Stafford, p. 40.
Oct. "Carpal Tunnel Syndrome Can Be Lessened With Early Treatment," by Louise Groneman, RN, COHN, p. 39.
Oct. VIEWPOINT: "Incentives to Wipe Out Hazards A Challenge as Industry Rapidly Grows," by Phillip L. Polakoff, MD, MPH, p. 32.
